

ALLOFLIFE - REHABILITATIVE, VOCATIONAL TRAINING

In **ALLOFLIFE**, a part of the Potter's House, you will find personal support for a gentle restart after having had engine trouble in life. You're offered the possibility to develop your life in your own preferred direction.

We are convinced that every person's life has a meaning, that every individual has a contribution to offer that cannot be replaced by anyone else. You will find a secure, qualified place for growth and development as well as a friendly working atmosphere. Together with a personal supervisor you explore your potentials in the search for tasks suitable to you as a unique individual. For example:

- Property work; repairs and maintenance
- Janitorial tasks
- Cleaning
- Gardening and plant care
- Office work
- Cooking and baking
- Hosting of conferences
- Room rentals
- Café-work
- Social care; meeting children, elderly and lonely people

The Potter's House is well experienced and qualified in supporting personal growth. We stand by you in the exploration of assets you were not aware of having, and in the development of those you are already acquainted with. You are offered participation in a group-based course: We meet once a week to process a vital life-issue. You will be encouraged to express your own reality, to draw wisdom from insights into that of others, and in finding ways to transform your life in the direction of your own preference. Example of subjects:

- Changing habitual ways of thinking
- Self-respect and self-image
- Developing your talents
- Caring for your body
- Healthy relationships
- Handling private economy
- The art of having friends
- ... and similar issues of importance
